

## Committed to Growing Small Business Tour

Most successful entrepreneurs figure out how to grow their businesses in ways that you wouldn't find in a business text book. Although there is not one single formula to grow your business, Silver Lining believes that there are patterns that predict success.

Join us for a FREE, two-hour workshop, where Carissa Reiniger, President & Founder of Silver Lining Ltd., will share key success strategies from her own experiences, tips from the SLAP™ model and the lessons she learned from 100 successful entrepreneurs interviewed for her book, *Inspiring Entrepreneurs: How to Build Your Business To Its First Million*.

During this hands-on workshop, you will go through a process for evaluating yourself and implementing proven success habits so you can take your small business to the next level.

Tuesday, October 13, 2009  
6:00pm - 8:00pm MT

Registration starts at 5:30pm
